

**NEW
LUBE**

ECOLAB®

Everywhere It Matters.™

DryExx® SD SEMI DRY LUBE

Full compatibility with Anaerobe Wastewater systems

- Based on amine acetates and surfactants
- Very good environmental properties
- Less impact on WWTP
- Less water consumption than wet lubes
- Improved productivity of Anaerobic Digestors

Higher versatility

- Fits for all kind of packagings (excluding PC) and conveyor materials
- Applicable in semi-dry and wet mode (relevant for dirty conveyors as e.g. in front of bottle washers)
- Simple and easy implementation, can get used on current installations and doesn't require a specific equipment
- Improved asset protection
- Low COF
