

**NEW
LUBE**

ECOLAB®

Lubodrive ATE

Full compatibility with Anaerobe Wastewater systems

- Water-based wet lube based on amine acetates
- Very good environmental properties
- Less impact on WWTP
- Lower COD vs Lubodrive AT

Higher versatility

- Fits for all kind of packagings (excluding PC) and conveyor materials
- Applicable in wet mode
- Simple and easy implementation, can get used on current installations and doesn't require a specific equipment
- Improved asset protection
- Low COF
