EQUIPMENT DRAPES

BANDED BAGS

BANDED BAGS

Always the perfect fit with our wide range of banded bags

At Ecolab, we have a simple philosophy. Every equipment drape should have a perfect fit. Made with clear polyethylene material for visual clarity. Microtek brand banded bags are sterile, single-use, multipurpose coverings with elasticized openings and no frayed edges. Quick and easy to fit over a variety of OR equipment, each bag can be easily identified by a conveniently located label. These banded bags are ideal for a broad range of applications in the OR, angiography room, and cath lab.

Our Offer	Your Benefit
Wide range of banded bags	One high quality supplier for all your needs
Available as sterile and non-sterile	Easy to use in all settings

ECOLAB AIMS TO REDUCE HAIS & IMPROVE PATIENT AND STAFF SAFETY

We provide innovative solutions to help reduce the risks of infectious disease transmission; to help protect healthcare workers in every type of clinical environment; and to help improve clinical outcomes by maximizing the protection available for both patients and medical professionals during procedures.

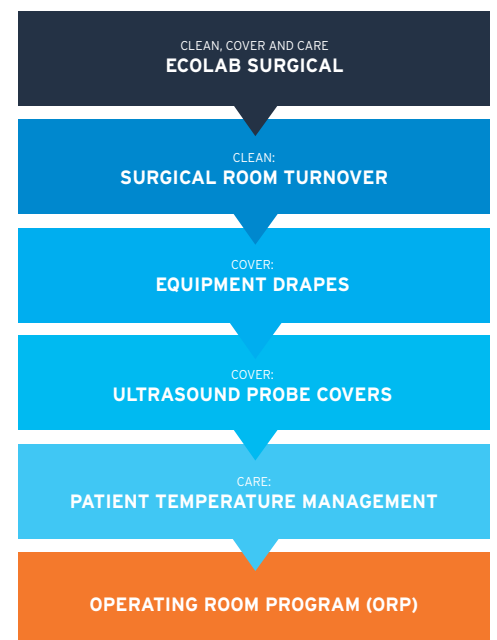

ECOLAB® OPERATING ROOM PROGRAM

About Ecolab Healthcare

Ecolab Healthcare is driven to help health systems and hospitals realise clinical, operational and financial value through repeatable and measurable workflows. Our standardised processes and digital dashboards provide actionable insights and opportunities for corrective actions that help reduce the costs and inefficiencies of infections, while improving margins and keeping patients and staff safe.

Together, we can focus on solving your daily challenges

For further information and to discuss a trial, please contact your local Account Executive or Clinical Implementation Specialist.
