

ECOLAB®

MAXX Magic Plus

SUPER-WETTING CLEANER

Climate friendly solutions, that prevent waste, and protect people and planet.

Performance

- ▲ Special ingredients provide high performance on all types of elastic and hard floors as well as on other surfaces
- ▲ Leaves a fresh and clean fragrance

Efficiency

- ▲ High concentrated product ensures outstanding cleaning results at low use concentrations
- ▲ Cleans without leaving smears and therefore especially suitable for shiny floors

Safety

- ▲ Quick refilling without spilling thanks to the adapter system that fits perfectly on the dosing bottle
- ▲ Certified according to DIN 18032

Sustainability

- ▲ The high concentrated formulation in a lightweight refill bottle and reusable dosing bottles reduce packaging waste
- ▲ The refill bottle reduces packaging weight by almost 30%*
- ▲ EU Ecolabel certified

*compared to an Ecolab standard 1 L bottle

Use instructions

1. Check hygiene plan and product label for detailed use information.

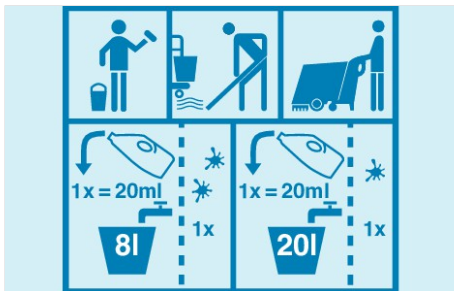

recommended

2. Wear suitable protective clothing when handling the product.

3. For refilling of the dosing bottle, stick the refill bottle on the thorn (red cap) of the dosing unit, press down to break the seal and wait for the bottle to empty.

4. For use of the dosing bottle, turn the bottle upside down once for dosing 20 ml as shown in the dosing table depending on the level of soiling.

5. Mop the floor. For manual floor cleaning, we recommend the use of **MAXX Magic Plus** in combination with the Ecolab rasanTEC mopping system.

6. No rinsing required.

Special notes

- ▲ Only a small quantity of the product is needed compared to normal products. Proper dosage saves costs and minimizes environmental impacts. Keep out of reach of children.
- ▲ Test material compatibility in a small inconspicuous area prior to application.
- ▲ For floor cleaning, position warning signs "Attention wet floor" and leave in place until surface is totally dry.
- ▲ **For professional use only.** Safety data sheet available for professional users on request.

pH Value

Safety information

- ▲ Do not mix with any other product.
- ▲ For further information and safety instructions, please see product label and Safety Data Sheet.

Storage conditions

- ▲ Store between 0 °C and 40 °C in original closed container only.
